the paper.

THE QU'APPELLE PRINTING AND

PUBLISHING CO., LIMITED.

Qu'Appelle, Assn.

FREDERICK BELL, Manager.

THURSDAY, MARCH 8, 1894.

From an editorial in the last issue

of the Qu'Appelle Advertiser it appears

that the farmers of the district are

agitating for the construction of a

railway from there by way of the

Valley and Wolf Creek to Wolsley,

and are endeavoring to form a com-

pany with a view of securing the

construction of the road suggested.

A petition was prepared for signature

in due course, and as originally

drawn was supported by the Hon.

Senator Peley and Mr. Peter

Ferguson, of Katopwa. It would

appear, however, that subsequent

to these two gentlemen approving

the petition some persons had used

a clause asking the Government to

refuse any further extension of

time or other assistance to the other

end in which the people of the

district are interested, and stating

that nothing had been done in the

way of construction by that com-

pany since they obtained their

charter. Surely people who have

any memory at all can remember

that in 1887 Mr. W. T. Thompson

with a party landed the Wolf

Mountain and Qu'Appelle Railway

from Qu'Appelle Station for a

distance of some thirty miles north

and that grading was commenced

in 1887; and in the face of this

grading right at the Port, we cannot

understand how any resident there

for any length of time could make

such a statement. We are glad to

see the Hon. Senator and Mr.

Ferguson repudiating this clause

altogether, and feel sure that their

offer to the Valley will satisfy

the petition, as no member of the

Government for a single instant

would think of acting on a petition

which some of the petitioners, and

we might say the most influential,

entirely repudiate. We trust

that when petitions have been

properly approved by interested

BANQUET AT INDIAN HEAD

TO LIEUT. GOVERNOR

MACKINTOSH.

The banquet tendered by the

Indian Head Agricultural Society

to His Honor Lieutenant Governor

Mackintosh terminated most suc-

cessfully on Wednesday last, despite

the fact that the non-arrival of the

regular express from the west gave

rise to doubts as to whether His

Honor would be able to put in an

appearance. A coach was put on

to an east-bound freight, and the

party from Regina received a hearty

welcome at the station at Indian

Head from Mr. A. Mackay, and

others who awaited the arrival of

the train. The Town Hall was

resorted to, and over one hundred

farmers were present from the sur-

rounding district.

The usual toasts were proposed

by Mr. Mackay and duly honored,

and then Mr. Brock read an ad-

dress of welcome to the Lieutenant

Governor from the Indian Head

Agricultural Society. Amongst the

points touched upon in the address

was the proposed Territorial ex-

hibition.

His Honor replied in a very able

speech, and drew out subjects most

interesting to those present. He

expressed the welcome he had

received throughout the North-

West, and said he had always had

great faith in the future of this

portion of the Dominion. A study

of its early history revealed here a

and passed into the hands of ad-

venturers who had not even re-

deemed their promise of two elk

and black beaver skins yearly to

the many monarchs. He had traced

with admiration the history of the

heroes of its pioneer missionaries.

We were now reaping the benefit

Town & Country Callings.

—W. Sutherland, Esq., M.A., of Fort Qu'Appelle, paid the town a flying visit on Tuesday.

—We have pleasure in welcoming Mr. A. Holdingsback back from his trip to Uncle Sam's domain, looking as hale and hearty as ever.

—Mr. Mat. Brennan arrived in town on Monday with a sleigh load of dressed pork, which he succeeded in disposing of to Mr. W. H. Bell.

—The Presbyterians of Elkhorn held a very successful social on Friday last. The proceeds are to be devoted towards erecting a new church.

—Mr. R. Barnes, of the Queen's Hotel, proceeded west on Wednesday night's train. He purposes going as far as Calgary on a week's vacation.

—Mr. W. Henley has been laid up for the last week, suffering from erysipelas of the face. He is now, however, progressing favorably towards recovery.

—Mr. Joseph Clementson, of Broadview, is gazetted as the member returned to serve in the Legislative Assembly for the Electoral District of Whitehead.

—According to the Toronto Empire, the Bishop of Qu'Appelle is delivering a course of addresses on the Spiritual Life in St. Barnabas Church, Toronto, during Lent.

—Inspector Constantine, accompanied by Staff Sergeant Fyfe, returned on Sunday forenoon, after having inspected the N.W.M.P. Posts between Qu'Appelle and Touchwood Hills.

—Mr. B. Vance returned last week from the coast, where he had been for a few weeks' pleasure. He still thinks that there are worse places in the country than Qu'Appelle.

—The members of the Council of the Municipality of South Qu'Appelle held their monthly meeting in the Council Chamber on Monday last. The minutes will be published next week.

—Mr. G. G. Galt of the Box River Horse Ranch, has received the balance of his last year's account from Mr. W. Smith, who has already shipped two carloads of cattle west.

—The committee appointed by the South Qu'Appelle Agricultural Society to make arrangements for the farmers' social meet on Saturday next at 2 p.m. in the Council Chamber.

—Mr. G. S. Davidson is the only wheat buyer remaining on the market. Messrs. McMillan Bros. and the Lake of the Woods Milling Company having withdrawn their representatives.

—Corpl. Holmes arrived in town on Sunday night, on his way to Regina, in charge of a prisoner named Teevey, who has been committed to Regina Jail on the charge of criminal assault.

—Mr. Lindburgh, telegraph operator from Touchwood, arrived in town on Tuesday, and is stopping at the Queen's. Mr. Lindburgh reports the cattle in the Touchwood district as having wintered well.

—We were in error in stating in our last issue that the Qu'Appelle Party would hold a dance in the Town Hall on Thursday night, the 8th. We have been informed that it has been indefinitely postponed.

—The Gold medal presented by Mr. James Scott to be competed for by the members of the Heather Curling Club who had a very won a prize, is now on view at the Leland Hotel, and is indeed a very beautiful example of the goldsmith's art.

—The turn out to the social held in the Town Hall on Monday last, under the auspices of the Royal Templars was such as to prove the wisdom of utilizing the building for fixtures of that nature, for the number present could not have found accommodation in the Temperance Hall. Mr. G. H. V. Bullock occupied the chair during the rendering of a short programme, consisting of opening hymn by the company, address by the chairman, selections by the choir, solo and chorus by Mr. C. P. Hallam, and choir, and reading by Mr. F. Amas. At the conclusion of the programme the committee in charge arranged the numerous games provided for the amusement of the visitors. As on previous occasions, there was parlor croquet, billiards, and various other games, which kept the company engaged till supper was announced, when an adjournment was made to the upper room. An excellent spread was provided, and the waiters and waitresses were most attentive, so that all had their wants fully supplied. Games were resumed after supper, and kept up till a late hour, both promoters and visitors being well pleased with the result, and it was voted one of the most successful socials held by the Royal Templars.

—J. E. McAllister, of Wolsely, has been spending a few days here with his father, Rev. J. McAllister.

—As a proof of the mildness of the weather, it may be mentioned that all the telegraph line repairers are going over their respective beats, repairing and getting the line in good repair for the spring and summer.

—The C.P.R. have imported a fine new safe, weighing 2200 pounds. Comparing the size of the safe with the size of the present station it indicates an early commencement of the erection of a new structure. Let us hope that it will be an improvement on the old one.

—As far as can be ascertained at present the results of the curling bonspiel at Regina are as follows:—Johnston, Qu'Appelle, beat Willoughby, Regina, 14 to 13. Boyd, Indian Head, beat Johnston, Regina, 17 to 13. Ferguson, Regina, beat Anderson 8 to 12. Cleveland, Mooseomin, beat Johnston, Regina, by 1. J. W. Smith, Regina, beat Hanbury, Brandon, by 20.

KENLIS.

Quite a number of our people attended the banquet given in honor of the Lieutenant-Governor at Indian Head.

Our genial Jacksmith, Charles Faulkner, has returned from Grenfell, where he has been visiting friends.

We understand the Royal Templars intend giving a concert on March 16th.

Mrs. P. L. Ferguson has returned from visiting at her father's, Mr. R. A. Garret, of Grenfell.

M. J. Galt had what might of been a serious runaway. We understand that he was attending a concert, and while there his horses became unmanageable and disappeared. When found they were tangled up in a wire fence, but were released without any damage being done.

GRENFELL.

Mr. Clementson, of Broadview, M.L.A. for Whitehead district, was in town last week.

The band is making preparations for a concert to be given early in April.

Three calves have died out for the season.

Messrs. B. A. Copland and A. G. Henderson are now attending to the Orange Grand Lodge.

Dr. Hutchinson and Mr. John Brathwaite have returned, much improved in health.

Mr. Chas. Faulkner, formerly manager of Mr. Brathwaite's blacksmith shop here, but now of Kenlis, was looking up old acquaintances in town last week.

The Arab Doctor and Company will give free entertainments, full teeth, cure the sick, etc., in Grenfell, from the 8th to the 15th inst.

Mr. O. P. Skene was on the sick list last week, but is able to be about again.

WOOD MOUNTAIN AND QU'APPELLE RAILWAY.

It is apparently an unfortunate fact that no railway can be built with the assistance of a land grant, that is, through country such as this railway would traverse, and the Government has practically recognized this conclusion of affairs by having in many subsidies in addition to the land grant granted to the railways to Edmonton and Prince Albert and the Hudson's Bay railway. With the view of inducing the Government to extend aid to the Wood Mountain and Qu'Appelle Railway, a petition lies at the post office, Qu'Appelle, for signature.

CURLING.

The final game for the President and Vice-President's prize was played off on Friday night last Johnston's rink, which had been heretofore unsuccessful, was pitted against Scott's rink, which had previously lost only one game. However, the superior prowess (partly in midday) of the champion rink carried them to victory. Score, Johnston 14, Scott 5.

Two rinks from Qu'Appelle proceeded on Tuesday morning's train to Regina to take part in the curling bonspiel held there on the 6th, 7th and 8th. They are a strong combination, and should they play up to their usual form will render a good account of themselves. The following is the combination of the rinks: Scott, Love; McCaul, Gray; Beauchamp, McNaughton; Johnston (skip), Edwards (kip).

RELIEF IN SIX HOURS.—Distressing kidney and bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great surprise and delight to physicians on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. Sold by C. E. Carthew, Qu'Appelle.

THE INDIAN HEAD AGRICULTURAL SOCIETY.

Annual meeting of Indian Head Agricultural Society was held on Wednesday, 28th Feb., 1894. Mr. Angus Mackay, President, in the chair. The minutes of the last annual meeting were read and confirmed. The financial statement showed a balance of \$188 76, of which sum there is due for prizes \$39, and salary of secretary \$50. The report for the year not having been prepared, the president made a short statement as to present position of the society, and the reason why land had not been secured as proposed at last annual meeting. He also referred to proposal to amalgamate with Qu'Appelle, Qu'Appelle and Indian Head. Mr. Archie McDonald explained that at the general meeting of the Fort society the members were against an amalgamated show, although he was in favor of same, as well as the majority of the directors. Mr. Mackay also stated as a fact that the membership did not increase, and consequently the funds decreased owing to the rebate on prizes which went to the coming year's subscription. The meeting then proceeded to the election of officers for the ensuing year with the following result:—

Wm. Dickson, President; Peter Ferguson, first vice-president; Wm. Stephens, second vice-president; A. W. Sherman, secretary-treasurer; Directors: A. Mackay, E. J. Brock, A. M. McLane, I. Jackson, W. Southwaite, C. H. Boness, T. Skinner, M. Brennan, J. Harvey, W. Douglas, W. Kitchin, A. V. G. Galt, Major Bell. Auditor: Mr. G. Thompson.

A vote of thanks was passed to the retiring President, to which he duly replied.

Mr. Dickson then took the chair, and a further discussion arose as to amalgamation, and a motion was put and carried in favor of holding a joint show with Qu'Appelle Station. A resolution that the annual show be held at Indian Head in the fall was also passed subject to alteration if amalgamated show is held. The meeting then adjourned.

CANADIAN CATTLE TRADE.

The following extract from "The People's Journal," published at Kenlis, Scotland, goes to prove how much the Canadian cattle trade is thought of in Scotland, also their ideas of the benefits of a Hudson's Bay route:—"With the advent of the New Year all interest in the cattle trade are asking the question, 'Will we see Canadian store cattle this season?' Opinions differ very widely on the question, but the advocates of an open trade have never seen cause to depart from their position. In fact, everything that has transpired since the embargo was imposed strengthens their position. A meeting of the old Committee still in existence is to be held in the Chambers of the Clyde Navigation Trust next Thursday to consider what further steps should be taken in this matter. Were the proposed Hudson's Bay and Pacific Railway carried out and the new steamer route to Great Britain, a great stimulus would be given to the Canadian cattle trade. It is evident that the construction of a railroad from Winnipeg to Hudson's Bay a saving on carriage would be effected to the extent of 25 per cent on each animal exported. Another advantage would be that this new route would keep a further distance from the United States frontier, and prevent the possibility of any mixture of the cattle from across the border. As has often been pointed out, the want of Canadian store cattle has not been felt this season owing to the extreme drought in the south last summer, but with a return to normal seasons store cattle will likely advance in price, and the position of the feeder will be an unhappy one.

English Spavin is a most serious ailment, soft or callous Lumps and Blisters from bones, Blood Spavin, Curbs, Splints, Ring Bone, Scurvy, Stiff, Sore, Sore and Swollen Throat, Coughs, etc. Save \$50 by use of one bottle. Sold by C. E. Carthew, Qu'Appelle.

NOW IS THE TIME.

H. E. DOYCE, Qu'Appelle Station, See. 24, Tel. 18, R. 14.

TWO-THIRDS OF ALL OUR DISEASES & AILMENTS ARE CAUSED BY DERANGED NERVE CENTRES AT THE BASE OF THE BRAIN.

LATE discoveries have absolutely proven that the Stomach, Liver, Lungs, and indeed all internal organs, are controlled by the nerve centres at the base of the brain. The manufacturer of THE GREAT SOUTH AMERICAN NERVE TONIC AND STOMACH AND LIVER CURE has studied this subject closely for more than twenty years, and has lately demonstrated that two-thirds of our Chronic Diseases, are due to the hyper-irritation of nerve centres, either within or at the base of the brain, and not from a derangement of the organs themselves; hence, that the ordinary methods of treatment are wrong.

As all know, a serious injury to the spinal cord will at once cause Paralysis of the body below the injured part; it therefore will be equally well understood how the derangement of the nerve centres will cause the derangement of the different organs of the body which they supply with Nerve Fluid or Nerve Force.

The wonderful success of SOUTH AMERICAN NERVE TONIC is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is, indeed, a veritable Nerve Food and WILL RELIEVE IN ONE DAY the varied forms of Nervous Disease and Stomach Troubles.

Nervous Diseases.

This class of diseases is rapidly increasing each year, on account of the great wear our mode of living and labor imposes upon the nervous system. Symptoms of all the ailments to which the human family is heir, are dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVE TONIC is a great nerve food and nerve builder, and this accounts for its marvellous power to cure the varied forms of nervous disease, such as Neuralgia, Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking, Nervous Paroxysms, Twitching of the Muscles, Hot Flashes, Mental Dependence, Forgetfulness, Sleeplessness, Restlessness, Nervousness of Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

in Bed Six Years

FROM NERVOUS PROSTRATION

My name is Frederick C. Carthew, of Indiana, June 8, '93. I have been in bed six years, suffering from a spell of sickness of six years duration, through the use of SOUTH AMERICAN NERVE TONIC, and asking for my testimonial. I will gladly state how I was afflicted and how I was delivered from my pain and suffering. I was near thirty-four years of age, when I took down with nervous prostration. My family physician treated me, but without benefiting me in the least. My nervous system seemed to be entirely shattered, and I constantly had very severe shacking spells. In addition to this I would be unable to eat and sleep for a time after each. At first I lost the use of my body—could not rise from my bed or walk a step, and had to be lifted like a child; all the time suffering intense pain, and taking almost every known medicine. Part of the time I could read a little, and one day saw an advertisement of your medicine and concluded to try one bottle. By the time I had taken one and a half bottles, I could rise and take a step or two by being helped, and after I had taken five bottles in all I felt real well. I was shaking with joy and gratitude, and I could eat and sleep as good, and my friends could scarcely believe it was I. I am now in the best of health, and it was a good thing for me, and I believe it saved my life. I give my name and address, so that if any one doubts my statement they can write me, or one postmaster, or any citizen, as I have acquainted with my case. I am now forty-one years of age, and expect to live as long as the Lord has use for me and do all the good I can in helping the suffering.

MISS ELLEN STOLTE.

Will a remedy which can effect such a marvellous cure as the above, cure you?
